**Submission Topic:** Electorate Boundaries  
**Electoral District:** Barron River

**Submission:**

I live at [REDACTED]. My 4 primary school children attend school in Redlynch and I work in Cairns. The area of Kuranda, koah and speewah have NOTHING to do with Cook. We will be lost and have no voice and no one looking at our distract needs. Everyone who lives in these areas primary has a vested interest in the Barron river area. To move us to cook makes no sense at all. We need to stay in the Barron river electorate. This is a ridiculous suggestion and shows no one is considering the needs of this community but only the needs of other SE communities. It's entirely a total disregard for all these residents who are already dealing with a failing bridge and no road to use at night. I'm disgusted at this proposal.
