**Submission:**

As Logan is a large city incorporating a number of State Electoral Districts, I would suggest that the name of Logan as a State electoral district is confusing to a large number of electors who live in Logan City but not in the Electoral District of Logan.

Perhaps a more suitable name might be Park Ridge as this area is wholly within the new district or even Jimboomba or Yarrabilba which are the two town areas within the district.

Thank you for your consideration.
