Electoral District: Hill

Submission:

My main objection is in regards to the plan to dismantle the electorate of Hill in North QLD and absorb it into surrounding electorates.

This means less representation for the people of North QLD and another representative in the city.

Regional QLD deserve the right to representation, but how can fair representation happen with less voices to speak for them?

Regional QLD has it tough at the best of times without losing a voice to represent them in government.

I implore you to reconsider abolishing Hill and ask that you look at an alternative which doesn't put the people in the city ahead of those in the country, again.
