**Submission Topic:** Electorate Boundaries  
**Electoral District:** Redlands;Springwood  
**Multiple Signatories:** No

**Submission:**

I submit that residents living in mt Cotton and Sheldon in redland city are not connected physically or emotionally with the electorate of springwood which is mainly based in suburbs east of the pacific highway and in Logan city . They share none of the same schools or civic infrastructure and are poorly represented by an mp that concentrates most effort on the Logan majority. This area would be far better represented in the state electorate of Redlands with whom they share every thing
