Submission:

Changing Geebung's boundary to include it in Nudgee devalues a lot of people's properties. People also house hunt by electorate not just suburb. Same as a suburb's boundary can mean a house one side of the street is \$100,000 less in value than the other just because of its post code like Zillmere and Aspley border. This is just gerrymandering by the LNP. Who runs the QRC to have even let this be considered? The LNP or Qld citizens? And how come the first I have heard of it is today by a LABOR MP on the 2/4/26 and submissions have to be in by 7 days time. There has been nothing by post, or e-mail informing me of any changes to the electorate I live in. The LNP trying to keep this hush. Donald Crisafulli up to something?
