Submission:

I am writing to oppose the redrawing of Pine Rivers boundary to exclude Lawnton, Bray Park and Strathpine. We are a community who does not want to be split, and our electorate needs a CBD which is in Strathpine. You are planning on dividing communities for your own purposes without considering the needs and well-being of the folks that live here and have been part of these communities for decades. We do not want it. You are elected by us, you should listen to us, and show us the adequate consideration that would deem you worthy of representing us. Your decision to do this makes clear that you do not care for your citizens, only for your political party, your mates, and your bank accounts.
