Submission:

"I oppose moving Highfields into Nanango or Condamine. Highfields should remain in the Toowoomba North electorate. Our daily living, health and community life are centred in Toowoomba. For accurate, accessible representation that reflects how we live, please keep Highfields within Toowoomba North."

All our services are effectively provided out of Toowoomba, so it makes sense to stay within the electoral boundary that at least relates to a significant part of Toowoomba, and the support services that are available there. It also means that as an elector there is more opportunity to influence the services and support mechanisms that are available by being linked to a more substantive regional centre. Please do not push Highfields into a regional electorate with no substantive centre and representation.
