Old Redistribution Commission,
GPO Box 1393,
Brisbane, Q. 4001
Dear Commission,

Re submission by the LNP
to abolish the seat of 'Hill'

We do not agree with the above suggestion and are astonished at their ignorance (as quoted in our local paper) in describing the towns of Malanda and Millaa Millaa as coastal rainforest towns which should look east to Cairns.

These towns are located on the Atherton Tablelands.

They share close geographical, economic and cultural connections to the towns of Atherton, Telga, Herberton and Ravenshoe and their surrounding areas. Not with Cairns.

It would make better sense to have a separate seat for the Tablelands, which is growing in population and needs a local person who can effectively assist and represent the people here.

Yours faithfully,
G.J. & J.A. TAIT
