Electoral District: All
Related Submissions: S-110

Submission:

It is plainly evident, based on the wild changes in Submission 110, that the LNP intend to return us to the olden days of the Bjelkemandar. I would hope the Commission considers the LNPs submission in this context. No other submission alters electorates as wildly as the LNPs - for instance, they've taken half of the city of Bundaberg and moved it to another electorate, for no good reason.
