Submission Topic: Electorate Boundaries
Electoral District: Toowoomba North
Related Submissions: No changes necessary to the Toowoomba North Electorate.

Submission:

As a long term resident of Highfields I have personally witnessed tremendous growth in the district of Highfields. I opposed the compulsory merger of the Crows Nest Council area into the Toowoomba Regional Council area. But, now that the changes have been well and truly established the people of Highfields and surrounds are well and truly serviced by the facilities available in Toowoomba City.

- My wife and I have lived in Highfields since 1991 and we are very familiar with the area. On average we drive in and out of Toowoomba twice a day on most week days.
- We would strongly urge that the Toowoomba North boundary, which includes Highfields not be changed. This electorate already aligns cleanly with its urban and rural service centres and remains well within both current and projected quota bands.
- To alter the boundaries makes absolutely no sense.
