I have lived in Pine Rivers since 1972, conducted a small business for the last 15 years of my working life in this area and now retired in my 80's. I would find it very, very, disappointing to have some political party wanting to change our boundary's just for political gain, **definitely not a smart move to gain votes! When Politicians start acting in this way with such a big deal like this I for one would show great disrespect for that party from now on**
