Updates / Corrections / Additional information

The first part of this submission is not a comment on any of the other suggestions, but rather the completion of my initial submission. I have taken this opportunity to review and correct, what I rushed to complete, in order to make the original cut-off for suggestions.

I also took the time to review the Commission's comments re Callide's presence in Western Downs Regional Council and reversing that if possible.

As I noted in my original submission, time prevented me from providing a possible solution. However, the additional time allowed here has allowed me to go back and re-work my original proposal for the Large Districts and adjoining Central Queensland Districts.

A revised proposal for the Districts of Burdekin, Callide, Cook, Gladstone, Gregory, Mackay, Mirani, Traeger, Warrego, and Whitsunday is included in this document.

Minimum information which should be supplied for future Redistributions.

I hope the commissioners can take this suggestion on board for the next Redistribution. At a minimum, the 'Enrolment by SA1' document should include the following:

- Current Enrolment Date
- Projected Enrolment Date
- SA1 Code (11 digit & most recent version published by the ABS)
- SA2 Name
- Current District. (If SA1 contains >1 District, then each District within the SA1 on a separate row.)
- Current Enrolment (separated by District if multiple Districts)
- Projected Enrolment (separated by District if multiple Districts)
- Area (Square km)

Issues related to the supplied split SA1 document.

With time to go back and review all supplied information, I found there are a few bits of information supplied on the SA1 split document that didn't make sense.

This list is not definitive, only what I found on review.

I used both ABS Maps <https://maps.abs.gov.au/index.html> & Queensland Globe <https://qldglobe.information.qld.gov.au/> to reconcile the supplied information.

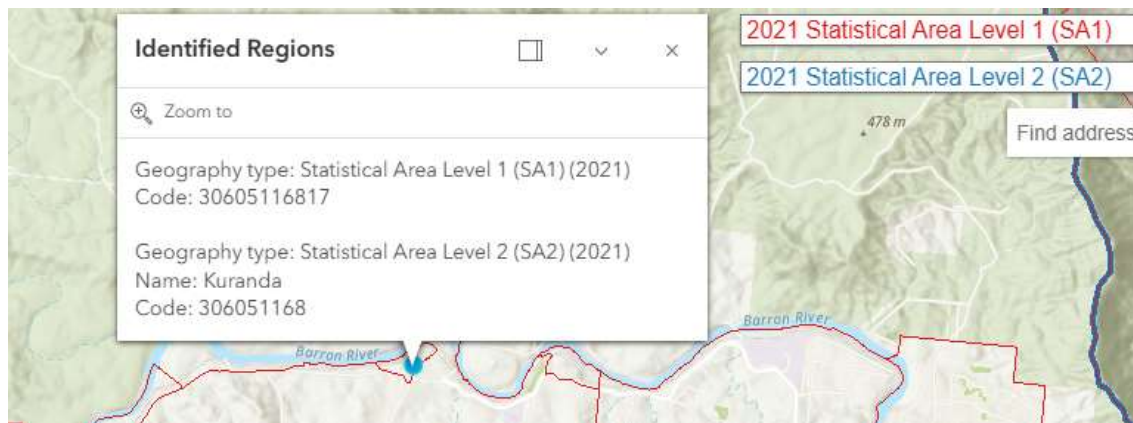

Before going into specifics, the one key piece of missing information from the split SA1 document was the breakdown by projected enrolment for each part of each split SA1.

In my rush to complete the submission before the 6th of August close, I proportionally applied any differences between current and projected to each SA1.

In hindsight, there were instances where I reviewed the blanket proportional calculation, and revised my estimates.

In the odd instance where the current enrolment for the SA1 was zero, and the projected enrolment number was greater than zero, I split the projection number as near to 50-50 as I could, but have revisited those calculations.

- SA1 30605116816 is listed as split between Barron River and Cook, however it is clearly wholly contained within Barron River District.
- However, SA1 30605116817 – which exists in 2 separate locations – see images below – IS split between Barron River and Cook. The ABS 2021 Census listed 25 persons usually resident for the northern SA1 and 78 persons usually resident for the southern SA1. Yet this SA1 is not split in the supplied report.

- Also not included, but clearly split between Keppel and Mirani is SA1 30803122101 – Shoalwater Bay.

- 30907155810 in the middle of Pimpama is listed, as split between Coomera and Theodore, yet Theodore's boundary is nowhere near Pimpama.
- 31001156423 appears to be wholly contained within Inala, yet adjoining 31001156449 is split along Blunder Creek between Algeester and Inala and not listed.
- 31002128238 is wholly in Ipswich West and no connection to Scenic Rim whatsoever. Yet adjoining 31002128244 which is split along what appears to be two courses of the Bremer River and is not listed.
- 31202134810 is wholly contained in Mackay.
- 31606143919 is wholly contained within Caloundra.
- 31802148601 is wholly contained within Hinchinbrook.

Other corrections.

Other corrections to elector movements include identified miscalculations in my original submission.

In my Hinchinbrook assessment, I incorrectly stated the Black River formed my new proposed boundary with Thuringowa. I meant the Alice River.

Revised boundaries and estimated elector movements

Burdekin

The existing District of Burdekin is effectively abolished. The transfers to Mundingburra in my first submission remain, as does the proposal to rename Mundingburra to Burdekin.

As a part of the flow-on from the Callide changes, the balance of the existing Burdekin District transfers to Mirani except for the Clermont SA2 which transfers to Gregory.

Callide

Elector movements between Callide, Gladstone and Burnett remain mostly as per my original submission. I noted the many comments asking for the localities of Benaraby & Calliope to be united in Gladstone District. My original submission included all of Calliope but not Benaraby. I have adjusted this proposal to align with including Benaraby in Gladstone District.

The part of Callide currently in Western Downs Regional council is transferred to Warrego District, effectively uniting the Western Downs Regional LGA in Warrego.

To offset those losses, Callide gains the parts of Mirani in both the Livingstone and Rockhampton LGA's. This also makes Callide a wholly Central Queensland-based District. That is, all the SA1's now contained within this District commence with 308.

Gregory

Gregory remains a western Queensland District. It transfers the Boulia and Winton Shires to Traeger and gains the Bulloo, Murweh and Quilpie Shires from Warrego.

Gregory already has a small presence in Isaac Council and this proposal expands that presence by acquiring the Clermont SA2 from Burdekin District.

Mackay

Now proposed to have some changes to its western boundary with both Whitsunday and Mirani.

Starting from the existing boundary on Mackay – Bucasia Rd, rather than turn west along the rail line, continue south to the Bruce Hwy, then west to the existing boundary. And from where the North Coast Rail Line is crossed by the Mackay Ring Rd; south along the Mackay Ring Rd and aligning with the Ooralea – Bakers Creek SA2 boundary to the Coral Sea.

Mirani

Significantly affected by the Callide changes, Mirani's southern boundary now aligns with the Isaac Regional Council boundary.

Mirani effectively gains from Burdekin its parts of the Mackay, Whitsunday, and Isaac councils except the Claremont SA2. Mirani also gains the part of Burdekin Shire east of the Burdekin River.

Movement to new district x SA1

This section breaks down the movement of electors at SA1 level, on which my submission, and calculations are based.

A total of 486,824 electors are proposed to change districts or 13% of current enrolment numbers.

Notes:

- SA1's with >0 electors, that are either currently, or proposed to be split - where one of the districts contains 0 electors – that district is not included.
- SA1's that contain 0 electors, and have a proposed boundary change within that SA1, are included.

Summary:

Number of districts proposed to be unchanged (11)

1. Aspley
2. Bancroft
3. Barron River
4. Cairns
5. Hill
6. Lockyer
7. Lytton
8. Maroochydore
9. Mulgrave
10. Stafford
11. Toowoomba North

Current district names abolished (2)

1. Mundingburra
2. Toohey

New district names proposed (2)

1. Caboolture
2. Ipswich South

Districts proposed to be renamed with new district names (1)

1. Everton → Albany Creek

Districts proposed to be renamed with existing district names (1)

1. Mundingburra → Burdekin

Number of districts whose projected enrolment quota exceeds +/-10% (5)

1. Caboolture
2. Caloundra
3. Coomera
4. Ipswich South
5. Jordan

This, of course, assumes that the projected enrolment numbers supplied here, are going to be any more accurate than those of the previous redistribution.

History shows they won't be.

How does my suggestion deliver what others have proposed?

I began reviewing the other 115 submissions to see how my submission compared to the requests of others.

Of those suggestions that were possible to deliver, I note the following.

Callide – Gladstone - Burnett

A number of suggestions propose transferring (either or both) the balance of Calliope and Benaraby from Callide to Gladstone. My initial proposal already aligned with the Calliope transfer. Updates above now also include Benaraby.

I would use locality boundaries as the District boundary leaving the localities of Taragoola, Boynedale, and Iveragh in Callide District. SA1 30805153510 would remain split between Callide and Gladstone, but split along Mesh Block boundaries.

This would deliver on suggestions: 002; 004; 005; 006; 007; 009; 010; 011; 012; 034; 035 (part); 037; 038; 039.

Caloundra – Kawana

My proposed boundary changes deliver on suggestions: 083

Capalaba – Oodgeroo – Redlands – Springwood (Redland City LGA)

My proposed boundary changes deliver on suggestions: 024 (part); 025; 026; 027; 028; 029; 031; 104

Condamine – Toowoomba South

My proposed boundary changes deliver on suggestions: 013; 023

Glass House

My proposed boundary changes deliver on suggestions: 033

Macalister – Waterford

My proposed boundary changes deliver on suggestions: 062

Maiwar – Moggill

My proposed boundary changes deliver on suggestions: 032 (part)

Miller – Mount Ommaney

My proposed boundary changes deliver on suggestions: 052; 057

Nicklin – Noosa (Locality of Cooroy to Noosa)

My proposed boundary changes deliver on suggestions: 044; 045 (part); 046; 050; 051; 053; 055 (part); 058 (part); 059 (part); 063; 067 (part); 073

Toohey (Abolished) and associated transfers

My proposed boundary changes deliver on suggestions: 041 (part); 110 (part)

In total around 44 of the 115 other suggestions are at least in part delivered by my original suggestion and this submission.

The Commission could do worse than to model my proposal and adopt it, in its entirety.
