Submission:

I don't want the electorate of Hill to be removed and the constituents to be absorbed into other electorates. If this occurs, we will be without a voice in Parliament and won't have access to our elected representative as easily as we have now. Take the case of the previously elected representative in Cook Electorate whom was hardly ever seen and you couldn't even get to speak with her. WE DON'T NEED THAT. We prefer the current electorate boundaries of Hill. Please don't change them.
