**Submission:**

I am a resident of Fig Tree Pocket, in Maiwar. I believe that when a redistribution of Maiwar occurs, it would make best sense to move Fig Tree Pocket into the Moggill electorate. Fig Tree Pocket has a similar culture to areas west of it. There are similar socio-economic factors, and similar degree of housing density and types. If still more voters are required to move from Maiwar into Moggill, the southern end of Indooroopilly, nearest to Fig Tree Pocket would also be a sensible addition - say south of Witton Rd.
