**Submission Topic:** Electorate Boundaries and Names  
**Electoral District:** Caloundra  
**Multiple Signatories:** No

**Submission:**

I feel the electorate of Caloundra is too big and needs to be divided in to 2 electorates. I live in the satellite city of Aura and with the amount of dwellings existing and the amount that are under construction and the land still to be built on or developed this must warrant its own elected official in local, state and federal governments.

the elected ministers don't do anything for this area and only concentrate on their main areas so that leaves us without a voice.

please consider this submission as we need a voice to help us in this area
